

40th Topanga Banjo•Fiddle Contest CD!

To celebrate 40 years of "Topanga," we digitally recorded all ten hours of the main contest stage and picked the very best for this CD. Many are the winners, others just have that funky festival sound unique to Topanga: a tribute to Mel Durham, a jaw harp solo and of course, some killer fiddling and picking. The CD commemorates four decades of music in the southern California mountains and includes a 16 page booklet with the history of the event and original festival artwork by Mary Ellen Clark. This historic compilation is our gift to the old time music community and to the many musicians who got their start at Topanga.
